

NCWorks career center

Serving Camden, Chowan, Currituck, Dare, Gates, Hyde, Pasquotank, Perquimans, Tyrrell and Washington Counties

Northeastern Workforce Development Board Approved Training List

Who can I talk to about available training options?

Visit the NCWorks Career Center for your county. Each NCWorks Career Center has professional staff available to discuss training options with you.

What are my training options available through the NCWorks Career Center?

There are a variety of training programs that have been approved by the Northeastern Workforce Development Board. On the following pages, you will find the approved training programs for Associate Degrees, Short-term training and Supportive Service Training for this Region.

What if the training Program that I would like to pursue is not listed?

Regrettably, if a training program is not listed on the training list, it is not approved for funding at this time. Reasons may vary, such as training is not in demand in the local area based on Labor Market Information, training may not result in employment, estimated wages after training will not lead to self-sufficient wage earnings, etc.

How much will it cost?

Cost is dependent upon the training program and your individual situation. At the NCWorks Career Center, staff will review the variety of financial aid programs available.
